Dear Stan:

Your letter addressed to Mr. Shapiro has come to my attention. He is away presently, and I will reply for your information.

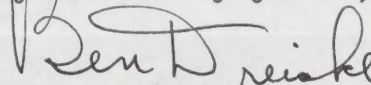

I have checked into the original quotations that Mr. Shapiro gave you in his last letter and find that in several instances he was too low in keeping with our costs.

Nevertheless, should you wish any of these items at the quoted prices, we will honor your request as long as the coins are available.

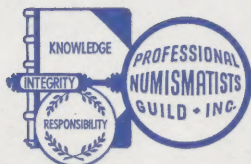

May I say conclusively that these are the very best prices that we may offer you, and no further discounts can be allowed.

Best regards.

Very sincerely yours,

Benjamin C. Dreiske

Dear Stan:

This letter is in answer to several of your recent notes, and I hope that I answer all of your questions.

First of all, \$90.00 is O.K. on the 1884, and therefore we would appreciate a remittance from you of \$80.00, which will clear up the 1856-S and the 1884, as indicated in your letter of June 23rd.

We are enclosing herewith the 1861-D \$5.00 gold piece which you requested in your letter of June 21. We have changed the grading on the coin from E.F. to V.F.+ due to an edge nick in the coin that was not indicated on our records. However, we are invoicing the coin to you at \$1425.00. I cannot quite understand your offer of \$1200.00, as this coin is obviously superior to the one that sold in the Bolt Sale at \$1250.00. If the coin which we are sending to you were truly in E.F. condition, the price on it would have been \$1800.00.

May we suggest that you take a good look at it and reconsider your figure, which we obviously cannot go along with.

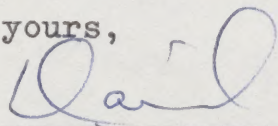

We do not have an 1876-S \$5.00 gold piece in stock, and I have no idea at the moment who may have one.

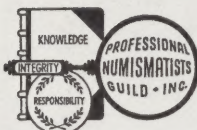

Thank you very much for your \$20.00 gold list, and I have checked our inventory against it. We are well covered on the items you listed, so we have no particular interest in them at this time.

We are looking forward to seeing you and Mr. Kaufman here in Chicago in August, and sincerely hope that we may be able to spend some time together.

Have you had a chance to go over the uncirculated list which I sent you? I think your newest client might be very much interested in some of them, with a little encouragement from you. Let me hear from you at your earliest convenience.

Very truly yours,

David J. Shapiro

Dear Stan:

You are probably correct in your note regarding the 1795 \$5.00 gold piece.

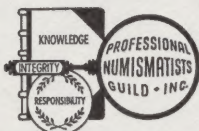

You will have to forgive an old man whose memory is not what it should be.

Let me know what the quote was in New York, as I cannot find a record of it anywhere, and if the price is as you stated -- since I am sure I can trust you -- I will send you the coin.

In the meantime, I wish you would improve your handwriting a little bit, as I can't make out the first part of your P.S. sentence. All I can tell is that you have "3 (something) left," and you will have to "start a lawsuit." Please clarify!

Dear Stan:

Sorry, but I have been out of town & just got to the office yesterday. Am sending you complete listings which I thought I had already done.

The 1850-20th was sold as well as the 1884-3. The 1876-3 is available. The 1876-3 is priced at \$8000⁰⁰ retail. I don't have too much room to maneuver on this as we are in very high. On the listings let us know what you are interested in & if you will be somewhat reasonable I'm sure we can get together.

Regards, David

Dear Stan: I'm going to let you be the judge + jury regarding the 61-D. Please be fair with me. I've got 1125⁰⁰ in the coin - anything over the 1200⁰⁰ would be greatly appreciated since we happen to be cash poor at this time due to a rather large collection we just bought. Send me a check and let your conscience be your guide. I'll try to work on your C + D list right after the holiday.

David

Dear Stan,

We are herein returning Lot # 187, the 1806/5 \$2½ from the sale. We feel that we must disagree with you as to this piece ever having been mounted or worked on beyond the adjustment as described. We have carefully studied the piece under our high powered stereo-scope and all agree that the piece has not been mounted. If you wish any further certification on this piece please let us know.

Very truly yours,

Dear Dennis: Your equipment is better than mine. I will send the coin out next week for analysis. The area under the date is the only weak point on the reeding? Also under a glass there seems to be smoothing out inside the weakness and the two ends of the area also form a point at the ends. So long as you are not in a rush, I can have the piece checked out. I did show it to a dealer here who agreed with me that the piece was worked on. Anyway, in 2-3 weeks I will know for sure. My client here for the coin took it to a dealer who told him it was mounted. I also tend to agree with this, but if you go the other way, I will put it to the test.

Meanwhile, I sent you my check for the 1856-D \$1 Gold.

Best wishes,
